Draft Agenda

ITEM 1	Introductions
ITEM 2	BPA/NPCC Updates - Discussion Eric Leitzinger (BPA) and Mark Fritsch (NPCC) will provide updates regarding funding decisions, upcoming facility reviews, and the shovel-ready project funding opportunity.
ITEM 3	FSOC Website – Library for Documents Requests have been received regarding the need to create an efficient process for providing documents to upload to the FSOC website’s library. Neil Ward will propose the use of a Goggle shared folder that will be created by QW Consulting. Once files are added to the folder, QW will upload the documents to the FSOC website library.
ITEM 4	Fish Screen Information Handouts for the NPCC’s Fish and Wildlife Program Tracker During a previous FSOC meeting, NPCC state staff suggested that it would be beneficial if one-page documents were developed, for each state, to highlight the status of BPA-funded fish screens and their programs. Neil Ward and the NPCC staff are in the early planning stages of this effort and will provide an update on their progress and discuss their needs for FSOC assistance.
ITEM 4	Next Meeting – July 17, 2025 (8:30 a.m. – 9:30 a.m. PST)
